BELOWZERO
Snowboards

Since 1991, it has been our aim to provide stylish snow wear of superior technical standards for belowzero degrees and to offer fair products. Over the years, we have been developing our range constantly and added beach and street wear.

We are proud to be a part in Swiss snowboarding and freeski history starting from the very beginning. Our daily inspiration are the mountains and our company makes every endeavor to represent Swiss values such as high level of quality, function and distinct design.
