

NE

NE 54 E – 1K
 FULLY AUTOMATIC ATTACHING MACHINE
 for K-eyelets up to 40 mm diameter

TECHNICAL DATA

Drive	Electric motor
Speed (constant)	max. 100 pcs. / min.
Insertion height	20 mm
Insertion depth	200 mm
Operating height	920 mm
Feeder content	max. 500 pieces
Voltage	230 V / 50 Hz
Connecting load max.	1,5 kVA
Noise level	< 80 dB (A)
Attaching force	10000 N
Compressed air pressure	6 bar
Dimensions W x L x H	700 x 700 x 1800 mm
Weight	200 kg

RANGE OF APPLICATION

K-eyelets: up to 40 mm diameter

ADVANTAGES

Excellent safety due to integrated fingerguard
 Fully automatic eyeletting up to 40 mm diameter
 Automatic pre-piercing of fabric
 High attaching force (10000 N)
 High pull-off strength is achieved through binding of the material
 CE mark
